

ICAS is a leading provider of the EAP (Employee Assistance Program) and supports companies in their efforts to promote motivation, health, and a sense of well-being among staff. Worldwide, over 4 million staff and their family members in around 2,000 companies are customers of ICAS.

ICAS has been active in central Europe since 1999 and supports customers in Switzerland, Germany, Austria, Italy, France, and Luxembourg.

The Employee Assistance Program offers telephone counseling for practical issues and legal questions. Our experts help solve questions concerning legal issues, finances, housing, family issues, social problems, public authorities, etc. by providing practical information, and support those looking for advice in the decision-making process.

In cases where this is appropriate and requested, ICAS offers personal psychological assessment, crisis intervention and short-term face-to-face counseling at or near the customer's location within just a few days.

As part of our growth across Europe, we are continuously looking for freelance
